

NZ Community DAY 2023

	Room A	Room B
8:00 - 8:30	Registration	
8:30 - 8:45	Opening	
8:45 - 9:30	Keynote: Oracle Database Directions - Francisco Munoz Alvarez - Oracle	
9:30- 9:35	Break	
9:35-10:20	Terraform on Oracle Cloud: A Primer for DBAs Sean Scott - Viscosity	Building the More Intelligent Future of Cloud Chris Hayward - Oracle
10:20-10:50	Coffee Break	
10:50-11:35	23c - Database Made Easier Connor McDonald - Oracle	TEAMIM's partnership with Oracle to deliver cloud services from an Oracle Cloud in New Zealand Ian Rogers & Craig Hampson - TeamIM
11:35-11:40	Break	
11:40-12:25	Oracle Database Reliability – In the context of Distributed Databases Francisco Munoz Alvarez- Oracle	Exadata: Strategy and Roadmap for New Technologies, Cloud, and On-Premises Alex Blyth - Oracle
12:25-12:30	Break	
12:30-13:15	Unlocking the Hidden Potential of an Oracle SE Standby - Reporting, Testing, and Development Vijayanesh Tirupattur Sivaprakasam - DBvisit	Environment customization for PostgreSQL DR, a.k.a. Don't fear the Switchover Alex Masharov - DBvisit
13:15-14:15	Lunch	
14:15-15:00	The Hitchhiker's Guide to Cloud Native Databases Sean Scott - Viscosity	Oracle Autonomous Database Byron Mandich - Oracle
15:00-15:05	Break	
15:05-15:50	5 great features in the database you're probably not using Connor McDonald - Oracle	Managing Change & Improvements in the Cloud Auxibot - AI in Oracle Rabia Saria Dhruv Ohri - Duco Consultancy
15:50-15:55	Coffee Break	
15:55-16:40	Achieve Extreme Scalability, Availability, Tenancy, and Sovereignty with Sharding Sean Scott - Viscosity	Exadata Maximum Availability Architecture Alex Blyth - Oracle
16:40-17:00	Break	
17:00-18:30	NZOUG AGM and Networking	

Development/ADF/Java/SOA/DevOps	Database Administration/Security/Licenses/HA/DR
Middleware/Apps/Virtualization	Engineering Systems/Cloud
Machine Learning/AI/Analytics
